WHAT SPACES DO WE NEED TO PROVIDE?

For the main workshop, a large clear space will need to be allocated that has enough room for all attending pupils to move freely in. If you are booking a second workshop, it will also need a large clear space with a screen that has the capability of showing power points and video.

WHAT ARE YOUR TECHNICAL REQUIREMENTS?

None.

HOW MANY STAFF MEMBERS DO I NEED TO PROVIDE?

For the day to run best, we would suggest allocating one staff member per group of students. For example, if the year is being split into 6, then 6 members of staff should be assigned.

HOW WOULD THE DAY RUN?

Please see example timetables on the Conset page for different options.
